

This report is referring to the 24 hour report filed on October 22, 2010.

There was one expenditure reported for \$1,000 on behalf of Blake Farthenhold.

I was just notified that the information I had entered was incorrect due to a miscommunication in data. We did not expend \$1,000 on Farthenhold it was a much smaller amount and thus was not needing to be reported as a special 24 hour notice.

I regret the miscommunication and hope that this will suffice in explaining the details.

The actual expenditure will be reported on the 30 day Post-General report.
